EDUCATION

Indian Institute of Information Technology, Ranchi

Bachelor of Technology, Electronics and Communication Engineering (CGPA 8.27)

Nov 2021 – May 2025

Ranchi, Jharkhand

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, SQL, Python, C++, Java

Frameworks & Technologies: Node.js, Express.js, React.js, Next.js, Tailwind CSS, HTML5, CSS3, SSR, REST APIs, Role-Based Access Control (RBAC)

Tools, Devops & Databases: MySQL, PostgreSQL, MongoDB, Git, GitHub, Postman, Docker, AWS (EC2, S3), Azure, npm, yarn, Webpack, Vite

Soft Skills: Problem Solving, Ownership, Agile/Scrum, Logical Reasoning, Team Collaboration, Communication, Fast Learning, Analytical Reasoning

EXPERIENCE

CollegeDunia | Frontend Developer Intern

September 2025 - Present

- Contributing to the UI enhancement of **CarHp.in**, a Car-related platform, by implementing interactive elements such as sliding effects using Next.js, ReactJS, and Tailwind CSS.
- Improving user experience through designing features like Car comparison fields and optimizing layouts for better responsiveness and engagement.

PROJECTS

🔗 StudyNotion | MERN (MongoDB, ExpressJS, ReactJS, NodeJS), Tailwind CSS, Cloudinary, Razorpay

- Developed and deployed a scalable full-stack EdTech platform with role-based access control (RBAC), enhancing secure user management and supporting over 1K daily users.
- Built and optimized RESTful APIs with efficient MongoDB indexing, decreasing server response times by nearly half and boosting overall query performance.
- Integrated Razorpay for secure transactions and Cloudinary for optimized media delivery, reducing page load times by over 25% and increasing user engagement significantly.

🔗 Live Polling System | React.js, Express.js, Socket.io, Node.js, Tailwind CSS

- Developed a real-time Live Polling System with Teacher & Student personas, enabling poll creation, timed responses, answer submissions, and live result visualization.
- Integrated socket-based communication for synchronized polling, user sessions, and result tracking to ensure seamless interaction.

🔗 Sports-Celebrity-Reels | NextJS, Tailwind CSS, TypeScript, AWS

- Developed a sports celebrity reels platform with Next.js & SSR, boosting routing speed by 25% and SEO performance by 30%.
- Ensured 100% code quality with ESLint, Prettier, and reusable components, improving dev efficiency by 20%.

🔗 FlaskShoper | Python, Flask, JavaScript, HTML, Bootstrap, Docker, Gunicorn

- Built a Flask-based e-commerce site with features like authentication, product search, shopping cart, and checkout, leading to a smoother user journey and improving user flow by 40%.
- Developed an admin dashboard and deployed it using Docker with Gunicorn, allowing better product/order management and enhancing scalability and operational efficiency by 60%.

ACHIEVEMENTS

- Completed** over **500+** Data Structure and Algorithm problems on platforms like LeetCode and GFG.
- Led** the collaborative organization of the **1st Sports Fest at IIIT Ranchi** (CONCOURS Sport Fest).
- Gold Medalist** in Chess at CONCOURS 2.0, IIIT Ranchi.
- Certified** in ReactJS – Infosys Springboard [Certificate Link](#)
